

# Woman's Way RED LODGE

## BRINGS YOU SONGS WOMEN LOVE TO SING...

Eleven women entered the sound studio enlivened and exhausted from the consciousness-stretching 6-day spiritual retreat we had just shared. Our intention—to record songs that stir women's souls! As we laid down the tracks on this CD, the music's medicine worked us deep. Now, we offer up this spontaneous field recording—trusting a raw, unedited mix to bring listeners right there with us, to experience the radiance and power of women's prayers flowing through song and dance. Our cherished Grandma Billie, in her vulnerable beauty, graced us by singing the opening Grandmother Song and the Winter Solstice Song into a mic from her living room chair. She joins us in sending our blessings to you!
